

➤ HELICOPTER UNDER-SLUNG LOAD EQUIPMENT

Used by the World's Armed Forces

When the military needs to move supplies and equipment into areas of conflict or natural disaster speed is vital. Whether you are delivering medical supplies to field hospitals in sub-zero temperatures or dropping vehicles into harsh desert environments, AmSafe Bridport has a Helicopter Under-Slung Load Equipment (HUSLE) solution to meet your requirements. Over 30 of the world's armed forces, aid relief agencies and commercial operators trust the continuous research and development of our HUSLE products.

Helicopter under-slung cargo nets are manufactured using AmSafe Bridport's innovative knotless intersections and provide safe working loads up to 15,000lb (7,000kg). These cargo nets are constructed from high-quality braids that are treated with abrasion-resistant chemicals to increase the product's durability and working life. Load-position markers, which aid load-build and placement of cargo, are a standard feature of our HUSLE nets. To further increase the net's capabilities, optional upgrades including protection pads, protective carrying bags and lifting extension-strops are also available.

PROVIDES SAFE WORKING LOADS UP TO 15,000LB (7,000KG)

AmSafe Bridport's experienced engineers and technical authors offer advice as well as customised user manuals and publications to support our range of products. To ensure continuous product improvement, AmSafe Bridport works closely with users and a number of trial and evaluation organisations and we offer maintenance and repair training courses to make certain our HUSLE systems are used to their full potential throughout their working lives.

Helicopter Under-Slung Load Equipment

NATO Stock Number	Product Number	Description	Safe Working Load	
1670-99-105-3845	HU10-0103601	Net, Lifting	1,360kg	3,000lb
1670-99-730-5723	HU10-0094907	Net, Lifting	2,268kg	5,000lb
1670-99-257-0074	HU10-0103805	Net, Lifting	4,536kg	10,000lb
1670-99-977-3348	HU10-0158200	Net, Lifting	5,600kg	12,350lb
1670-99-730-0916	HU10-0198506	Net, Lifting	7,000kg	15,432lb
1670-99-325-7798	HU10-0256300	Net, Lifting	7,000kg	15,432lb

NATO Stock Number	Product Number	Description	Safe Working Load		Length
-	HU20-0103211	Strop, Lifting	2,250kg	4,960lb	2m
-	HU20-0103212	Strop, Lifting	2,250kg	4,960lb	2.5m
-	HU20-0103243	Strop, Lifting	2,250kg	4,960lb	9m
-	HU20-0151000	Strop, Lifting	4,600kg	10,140lb	2m
3940-99-870-0328	HU20-0151001	Strop, Lifting	4,600kg	10,140lb	4m
-	HU20-0151002	Strop, Lifting	4,600kg	10,140lb	4.5m
