

➤ **TYVEK® SOLAR™ W10 COVER**

**Advanced protection against temperature excursions – recommended for the pharmaceutical market**

According to IATA research, nearly 60% of temperature excursions occur during tarmac delays. DuPont™ Tyvek® Cargo Covers are used to protect a wide variety of healthcare products worldwide including: controlled room temperature (CRT) and 2° to 8° pharmaceutical products, active pharmaceutical ingredients and chemicals, and medical devices.

**W10 | Specifications**

| Pallet Type | Item | Length       | Width       | Height      | W10 Pallet Qty |
|-------------|------|--------------|-------------|-------------|----------------|
| Euro        | Base | 1.2m / 47"   | 0.8m / 32"  | 0.2m / 8"   | 1200           |
|             | Top  |              |             | 1.0m / 39"  | 400            |
|             | Top  |              |             | 1.2m / 47"  | 240            |
|             | Top  |              |             | 1.6m / 63"  | 240            |
| UK / USA    | Base | 1.2m / 47"   | 1.0m / 39"  | 0.2m / 8"   | 960            |
|             | Top  |              |             | 1.22m / 48" | 240            |
|             | Top  |              |             | 1.6m / 63"  | 240            |
| PAG         | Base | 3.17m / 125" | 2.23m / 88" | 0.25m / 10" | 480            |
|             | Top  |              |             | 1.62m / 64" | 48             |
|             | Top  |              |             | 2.43m / 96" | 24             |
| PMC         | Base | 3.17m / 125" | 2.43m / 96" | 0.25m / 10" | 480            |
|             | Top  |              |             | 1.62m / 64" | 2              |
|             | Top  |              |             | 2.43m / 96" | 2              |
| AKE         | Top  | 2.0m / 79"   | 1.53m / 60" | 1.62m / 64" | 96             |

**Tyvek® Solar™ W10 Cover Benefits**

- ⊕ Quick and easy to apply in under 2 minutes and simple to store.
- ⊕ Reduces the protective packaging volume of your freight.
- ⊕ Fully breathable cover in addition to being water resistant.
- ⊕ W20 and W50 covers also available.

**Visit our website to see a video showing quick and easy application of the cover.**

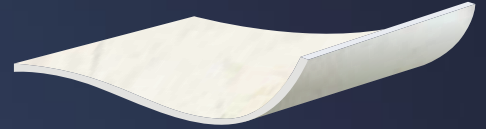

## Product features

- **GDP Compliant**  
Ensure temperature controlled pharmaceuticals are maintained within specific temperature zones.
- **Easy To Install**  
The complete cover can be installed and removed in less than a minute.
- **Protection Against Temperature Excursions**  
Protect your cargo from solar radiation and extreme ambient temperatures (hot and cold).
- **Cost Effective**  
Reduce costs associated with losses, excursion management, secondary packaging and shipping.
- **Breathable**  
DuPont™ Tyvek® is an exceptional non-woven material that is a global leader in selective barrier technology. It allows oxygen to reach your goods, extending product life.
- **Water Resistant**  
The cargo thermal covers provide improved protection from heavy rain and hail.
- **Unique Reflective Performance**  
The reflective properties of the cargo thermal covers ensure your shipments are shielded from heat, cold and solar radiation – keeping products naturally cooler.
- **Lightweight**  
Extremely compact and lightweight; easy to apply, remove and store, weighing only 2.0 – 4.4lbs.

## GDP compliant design

Tyvek® Cargo Covers have been validated by pharmaceutical manufacturers in applications subject to revised European Good Distribution Practice (GDP) guidelines.

## TYVEK® SOLAR™ W10 COVERS

- Reflective outer surface minimises solar heat gain.
- Low-e metallic surface reduces thermal transfer to cargo.
- Microporous structure permits evacuation of excess moisture and condensation.

Condensation is clearly evident on a stretch-wrapped pallet following a seven-hour flight from Hyderabad to Oslo in moderate weather conditions.
